COMMENTS FROM THE PUBLIC:

JUDGES NOTES: (1) As of the middle of next week we should have the main part of the roof on the courthouse. We were told that the remainder of the trim should be on in about three weeks. (2) Old Rowe Road we are getting it set up for the new chip and seal. Then we are also working on Freedom Valley Road which is just off Mountain Grove Road. We are now finished with the North Rudy Road drainage project. Sun Valley Road, we have changed out the culverts which was basically getting ready to collapse. (3) We have just got the second round of the ARP money in which Justice Shaffer will start putting something together. (4) I just got notification yesterday that the Arkansas Historic Preservation program we got \$114,000.00 to start working on the windows in the Main Courthouse. The completed project was estimated at \$228,000.00. We will start working on the worst windows hoping that this project will be completed in 2023. I am getting estimates on what it would cost to paint the courthouse. Then hopefully we can use some of the ARP money to give the courthouse a facelift. (5) There is a situation at the Division II and III courthouse that when it floods and the river is up we have problems with the back up of the sewer system, Kevin is getting some prices on getting some backflow preventives put in to relieve the problem.

THIS ESTIMATE HAS BEEN PREPARED BASED ON THE USE OF AFTERMARKET CRASH PARTS SUPPLIED BY A SOURCE OTHER THAN THE MANUFACTURER OF YOUR MOTOR VEHICLE. THE AFTERMARKET CRASH PARTS USED IN THE PREPARATION OF THIS ESTIMATE ARE WARRANTED BY THE MANUFACTURER OR DISTRIBUTOR OF SUCH PARTS INSTEAD OF THE MANUFACTURER OF YOUR VEHICLE.

Estimate based on MOTOR CRASH ESTIMATING GUIDE and potentially other third party sources of data. Unless otherwise noted, (a) all items are derived from the Guide DR3WD07, CCC Data Date 06/09/2022, and potentially other third party sources of data; and (b) the parts presented are OEM-parts. OEM parts are manufactured by or for the vehicle's Original Equipment Manufacturer (OEM) according to OEM's specifications for U.S. distribution. OEM parts are available at OE/Vehicle dealerships or the specified supplier. OPT OEM (Optional OEM) or ALT OEM (Alternative OEM) parts are OEM parts that may be provided by or through alternate sources other than the OEM vehicle dealerships with discounted pricing. Non-Original Equipment Manufacturer aftermarket parts are described as Non OEM, A/M or NAGS. Used parts are described as LKQ, RCY, or USED. Reconditioned parts are described as Recond. Recored parts are described as Recore. NAGS Part Numbers and Benchmark Prices are provided by National Auto Glass Specifications. Labor operation times listed on the line with the NAGS information are MOTOR suggested labor operation times. NAGS labor operation times are not included. Pound sign (#) items indicate manual entries.

Some 2022 vehicles contain minor changes from the previous year. For those vehicles, prior to receiving updated data from the vehicle manufacturer, labor and parts data from the previous year may be used. The CCC ONE estimator has a list of applicable vehicles. ADVANTAGES OF A POLICE OUTER VEST CARRIER

LAW ENFORCEMENT TUESDAY, OCTOBER 08

Police outer carrier vest

A recent trend among many police departments is the inclusion of a **tactical police outer vest carrier**. Some departments, instead of allowing the choice of an inner or outer vest carrier, are moving exclusively to the outer vest system. While each department's specific needs are different, there are many advantages of switching to, or allowing outer vest carrier systems.

There are several practical advantages that patrolmen will immediately notice when wearing a police outer vest carrier. The first advantage is comfort. Because the vest is worn outside of the uniform, it becomes easier to adjust throughout an officer's tour of duty. Officers who work in areas that become particularly hot will be able to remove the vest to provide relief as well (though this should only be done in safe, secure areas).

Officers will also be able to lighten the load of their duty belts. Many tactical outer vest carriers include additional pouches and pockets for flashlights or radios. Though these individual items may only weigh a few pounds each, any officer working on the street can testify to the tremendous amount of relief provided by taking a few pounds off his or her waist. Additionally, some smaller framed officers may not have room on their duty belts for all of the equipment their departments allow them to carry. One additional pouch or pocket may allow an officer to carry a Taser, mace can, baton or extra magazine.

If you prefer a traditional, uniform style, many outer vest carriers mimic the look of your everyday uniform shirt. The police uniform shirt style of these **outer vest carriers** can be worn over **short or long sleeved base shirts**, making for a more discreet way to wear your body armor.

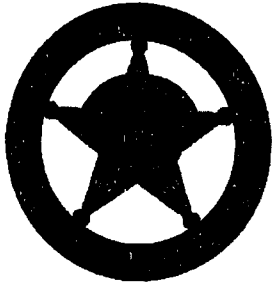

In the event that an officer is injured, an outer vest carrier offers several advantages over a more traditional inner vest carrier. First, if your department utilizes "blow-out" style first aid kits that are carried on (or in) the vest, they will be much easier to access on an outer vest carrier. In the case of more serious injuries, an outer vest carrier can be more quickly removed by responding officers or emergency medical personnel for assessment of the officer's wounds.

In situations where the scene is not yet secure for medical technicians, a seriously injured officer may need to be evacuated to a safe area so that emergency medical treatment can be administered. An outer vest carrier provides several additional options to evacuate an officer who is unable to move under his or her own power. By placing the vest outside the uniform shirt, several additional hand holds are created to help carry the officer. Since every situation is unique, the more options officers have to evacuate a wounded officer, the better.

The advantages and options provided by an outer vest carrier are simply too great to be ignored. As technology evolves, outer vest carriers become more advanced and offer even greater protection and functionality. Every department should consider their individual circumstances to determine if an external vest carrier is appropriate for their officers.
